DEPARTMENT	TAI TIROHIA				COURSE OUTLINE 2022					
COURSE TITLE	LEVEL 2 CHEMISTRY				LOL: DHA		SUBJECT TEACHER/S:BBL			
Course Description	Level 2 Chemistry builds on the basic chemistry concepts covered in Level 1 Science. Students use laboratory techniques to investigate, analyse and identify the types and amounts of chemicals in unknown substances. They will also investigate a range of substances and how they form. Reactions between different types of substances (e.g. acids and bases / reductants and oxidants) are studied by experimentation. The role of chemistry in modern society is researched , and the importance of organic compounds will be investigated									
Prerequisites and Course fees	Level 1 Science				The pathways this course leads to: <i>A range of career pathways. An understanding of chemistry is an important prerequisite for many tertiary health related courses, as well as laboratory technicians/ environmental or geotechnical testers , farmers and all fields requiring knowledge of chemical reactions.</i>

DEPARTMENT	Business Studies and Business Administration				COURSE OUTLINE 2022						
COURSE TITLE	Business Studies				LOL: Mrs Andraschko		SUBJECT TEACHER: Mrs Kee				
Course Description	The study of business is about how individuals and groups of people organise, plan, and act to create and develop goods and services to satisfy customers. Students will begin with financial literacy and administration skills. They will create a business plan and then sell a product of their choice for profit. Then students will be able to choose from a range of standards, ones relating to formal Business studies, Office Administration, Accounting or Maori Office Systems.										
Prerequisites and Course fees	A keen interest in business & finance. A candidate may have had experience studying Business Studies in Level 1 although this is not mandatory if the teacher judges the student has required skills.				This course leads to: a good understanding of how businesses are set up and run. It gives students a basis in understanding how money and goal setting works, a skill useful in all walks of life. This course will also give you the prerequisites to study Level 3 Business.						
Qualification	Business Studies L2
